Passionate Full Stack MERN Developer with extensive knowledge in building robust and scalable applications. Committed to delivering high-quality code and continuously learning new technologies.

WORK EXPERIENCE

SENIOR PROCESS EXECUTIVE
Infolks Private Limited   (May 2019 - November 2022)
- Making **AI** related Data processing
- Team management and approval of Data

PROJECTS

DOORSTEP CAR SERVICE | React, Node.js, MongoDB, Express.js
- Developed a Doorstep car servicing Website in **Node.js** and **React** where Users can sign up, choose a Provider, and Book a Service. The database for the website was designed using **MongoDB**.
- Implemented different interfaces, including Users, service Providers, and Admin. Used **JWT** for Authorization.
- Admin functionality to Manage User, Service Provider, Service, Location, and Verification of Provider.
- Integrated payment gateway using **Stripe**.
- Implemented phone OTP login authentication using **Firebase**.
- Used **Socket.IO** library for Real-Time Chat.
- Used **Redux Toolkit** library for Global State Management.
- Styling implemented with **Material UI**.

E-COMMERCE | EJS, Node.js, MongoDB, Express.js
- Developed an E-Commerce Website in **Node.js** for purchasing Shoes.
- The database for the website was designed using **MongoDB**.
- Implemented phone OTP login authentication using **Fast 2 SMS**. Add to cart, checkout, and coupon among other features.
- Admin functionality to block/unblock users and shipment control.
- Integrated payment gateway using **Razorpay**.
- Styled using **Bootstrap**.
- Live Link : Faster   GitHub Link : GitHub

MINI PROJECTS

TASK MANAGER | React, Node.js, MySQL, Express.js
- Developed a Task Management App using **React** and **Node.js**
- User registration and login with **JWT** token and **OTP** verification
- Implemented CRUD operations, reminders, and progress tracking for each task, along with pagination. Data is stored in **MySQL** database and managed using **Sequelize**.
- Live Link : Task Manager   GitHub Link : Task-Manager

CONTACT MANAGER | React, Node.js, MongoDB, Express.js
- The Contact Manager is a MERN Stack project that stores user contacts and enables image uploading to **Cloudinary**.
